

The day I played for Scotland

It was the semi – finals, Scotland vs Brazil, Ryan Christie gets injured. Scotland have been on fire but how would they do now? Steven Clark is worried, he asks Stephen O' Donnell but he says no. So, he asks John O'Donnell to scout a player from _____, he asks me as I play left wing and I'm a whiz at crossing the ball with my left and shooting with my right.

Steven Clark phones my parents who say "no way" I say "no way Jose." but then change my mind. The next day I'm training with Scotland. We did rondos, shooting and dribbling. I'm nervous.

The day's finally here. It's tense. I invited p4 and the head teacher, I also invited the p4 teachers. Everyone was singing 'Rankin on the wing, Rankin Rankin on the wing, everytime he's on the ball we know, there's gonna be a goal, our superstar from _____'. The match ends 3-3 with me and Mbappe both scoring hat-tricks. It goes onto penalties. We can't believe it, Griezmann misses! It's all on me... and I SCORE!!!!!!!!!!!!!! The whole team goes crazy. Everybody runs on, my friends lift me up and throw me about! My Mum is crying and my family are all doing the griddy! It is the best day of my life. Back at school we have a party and it goes on for days!

It was the best day in history. We never forgot and I was in the Hall of Fame.

The End.
